

Healthy Climate® Whole-Home Dehumidifiers

Home comfort

- » **Effectively remove moisture in your home's air** for greater comfort and improved indoor air quality—65, 90 and 135 pint-per-day capacities
- » **Enhance total comfort** – use for the whole home, a single zone (basement) or a combination of both
- » **Easily integrate** with HVAC systems to provide comfort and air quality
- » **Easier to use** and less intrusive than portable units-no need to empty buckets of water

Healthier

- » **Help create healthier air** by reducing dust mites and mold that thrive in humid environments
- » **Maintain optimal humidity**, minimizing the potential for mold and other pollutants
- » **No ozone emissions**, a known lung irritant

Energy efficiency

- » **Raise your thermostat and lower utility bills** – Drier air feels cooler, so you may be able to set your thermostat higher and feel more comfortable. According to the U.S. Department of Energy, for every two degrees you raise your thermostat, you save 5–7% on your cooling bill

Protection

- » **Preserve what's important** by safeguarding home furnishings from excessive moisture

Environmentally responsible

- » **Optimized for use** with the EPA-approved R-410A refrigerant which contains no chlorine and is ozone-responsible

Reliable performance

- » **Quality you can trust** – designed with reliable, time-tested components
- » **Easy integration** – flexible installation options for a variety of applications
- » **5-year limited warranty** on covered components*

Lennox is proud of the fact that these products have earned the Good Housekeeping Seal.
