

# TrueDRY™ DR65 Dehumidification System

**Honeywell**

**Whether removing moisture evenly from the entire home or focusing specifically on humidity problem areas,** the Honeywell TrueDRY™ DR65 provides an integrated solution that operates quietly and efficiently. TrueDRY DR65 removes more moisture while using less energy than the leading portable dehumidifiers on the market, making it the ideal solution for applications where space is limited and high-performance is critical.

# TrueDRY™ DR65 Dehumidification System

COMPACT, EASY-TO-INSTALL DEHUMIDIFICATION

## Integrated Solution —

Can be centrally ducted for whole-house control or operate unducted to address moisture problem areas such as attics or crawl spaces.

## MERV 11 Filtration —

Extends performance and efficiency of unit and provides your customers with improved indoor air quality.

## Filter Access —

Filter access from front and both sides of the DR65.

## Easy Access —

Push button releases for filter doors and front duct collar.

## LED Service Diagnostics —

Notifies user when maintenance is needed.

**Eco-Friendly —**  
Uses R-410A Refrigerant

**Energy Star Rated**

## Compact Size —

28.5"L x 12"W x 12"H

## Service —

Removable cabinet and duct collars simplify maintenance and service.

## Built-In Humidity/Ventilation Control —

Integrates operation at the device for simplified installation. Also compatible with external controls for advanced operation.

**Automatic Water Removal —**  
Integrated drain port automatically drains water, which means no more buckets to empty.

**Intuitive Wiring —**  
Simplifies installation and provides options for operation.

**Integrated Conversion Kit —**  
Easily converts airflow for tight fit spaces.

Part Number	Description	Home Size	Humidity Removal*	Application	Key Features	Refrigerant
